

PACAH 2022 FALL CONFERENCE LIVE STREAMING REGISTRATION GUIDE

The purpose of this guide is to walk you through signing up for live streaming webinars. While your initial conference registration captured contact information and payment, we require that you provide simple information (first name, last name, and email) in order to log your attendance for CEU tracking purposes.

In order to attend a webinar virtually, you must be initially registered for PACAH's 2022 Fall Conference as a virtual attendee. If you sign up for an individual webinar and have not yet registered for PACAH's 2022 Fall Conference, you will be asked to register and pay your conference registration fee.

If you would like to register, please visit: <https://www.pacahpa.org/pacah-2022-fall-conference>

If you have any questions, please send them to kdeline@pacounties.org

IMPORTANT NOTES:

During the registration process or prior to viewing the live webinar, you may be asked to enter a password. If so, please enter the password that was provided to you in your PACAH 2022 Fall Conference Welcome email.

While it is not necessary, it is highly recommended to register in advance for the virtual webinars that you would like to attend. By registering in advance, you have the ability to save webinar information and direct links in some email calendars.

EMAIL CONFIRMATION

After you complete your **Virtual Webinar Registration**, you will receive a confirmation email, which will be sent to the email that you provided. You will have the ability to add this event to your calendar, and to join the webinar directly from this link.

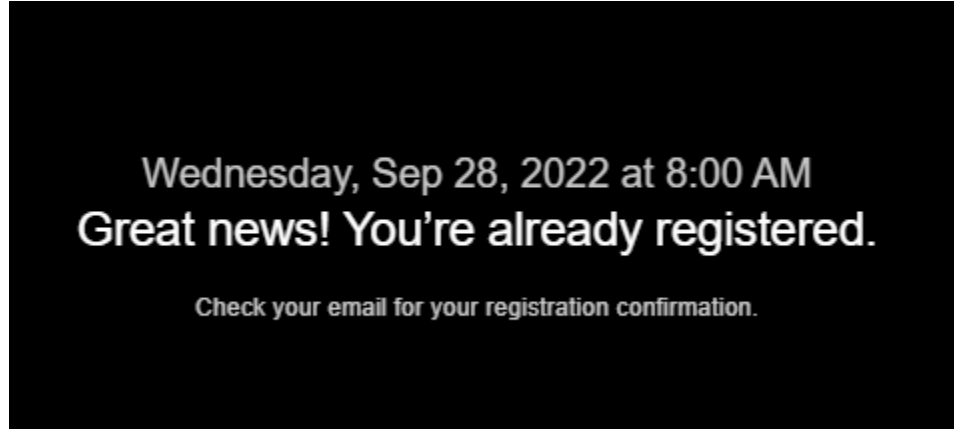

ATTENDING THE VIRTUAL WEBINAR

You can access each virtual webinar two ways:

1. Click on the link provided to you in your registration confirmation email.
2. Click on the link directly from the 2022 Spring Virtual Streaming page.

If you click on the link before the webinar has begun, you may see the following screen:

Minutes before the webinar is ready to “Go-Live,” you may see a blank screen. If so, refresh the webpage.

The webinar will live stream directly from its webpage.
